

WALL GRAPHICS

- **VINYL**

- We can create wall murals and displays with multiple panels similar to wallpaper. These are ideal graphics to cover large portions of a wall. We can cut out words or shapes to go along with the design of a wall.
- With the ability to cut out custom shapes from the vinyl we can really make any vision a reality. We are able to print on the vinyl along with trim out certain areas.
- This material cost is determined by the size of the project. Quote upon request.

- **WALLPAPER**

- This is a DIY option to cover and decorate a wall in your home or office rather than the wall vinyl. The design of the wallpaper can be completely customizable.
- This material cost is determined by the size of the project. Quote upon request.

- **Installation**

- The vinyl graphics will be installed by RCP Artist Services. The install will be a scheduled appointment. Installation is \$60 per hour for one installer. This cost will be quoted upon request.
- The wallpaper will be installed by the customer unless request for help is needed.
