

VEHICLE GRAPHICS

- **DIFFERENT TYPES OF VINYL**

- Logos on car doors & windows, as well as complete vehicle wraps. These wraps will be installed by RCP.
- These can be design elements for cars.
- We are able to print on the vinyl along with cut out custom shapes for design purposes.
- The Vinyl uses an adhesive to attach to the vehicle. This means that it wont damage the vehicle if it needs to be taken off or replaced.
- This material cost is determined by the size of the project. Quote available upon request.

- Magnetic signs are another advertising alternative. We are able to print on a magnetic material that will stick to the side of your car.
